MEMORANDUM

To: Board of Supervisors

From: Denice Crowder, Communications Manager

Date: January 21, 2020

Subject: Radio Communication System Maintenance

Background

Motorola currently provides radio communication and equipment for Dinwiddie Fire & EMS, Sheriff's Office and the School System. Motorola provides annual maintenance on the system and equipment as a sole source provider. The price per year varies based on new equipment purchases, increases in size and scope of the radio system and expiration of warranties. For the period of February 1, 2020 through January 31, 2021, there will be a 5% increase in maintenance cost from the previous year.

With the upcoming new system, this should be the last full year of maintenance for the existing system.

Actions

The County requested a quote from Motorola for maintenance on the existing system.

Recommendation

We recommend approval of the following resolution.

BE IT RESOLVED, that the Board of Supervisors of Dinwiddie County, Virginia does hereby authorize and direct the County Administrator to execute the attached contract with Motorola for radio communication system maintenance in the amount of \$144,055.85.
