Explain fully the proposed use, type of development, operation program, reason for this request, etc.:

I would like to build one single family dwelling by zoning R1 and subdividing the property once.

State how this request will not be materially detrimental to adjacent property, the surrounding neighborhood or county in general. Include, where applicable, information concerning: Use of public utilities; effect of request on public schools; effect on traffic, to include means of access to nearest public road; effect on existing and future area development; etc.:

The properties directly across the street are already zoned residential. Many of the lots close to mine are already substantially smaller, so subdividing mine once will put me about in line with several of the adjacent lots.

List case numbers and explain any existing use permit, special exception, conditional use or variance previously granted on the parcels in question:

N/A

If requesting a variance or special exception, explain the unique physical hardship or extraordinary situation that is justification for the request:
