The County has also experienced an increase in landowners inquiring and developing agritourism venues. Thus the agritourism ordinance needs to be updated to reflect the revisions and increased interest.

The attached ordinance is for discussion purposes. The concept is to outline what activities are allowed by-right and when an activity will need a conditional use permit.

Mr. Drewry told the members that what they have before them is a draft. It still has more changes that need to be made. The Dinwiddie Agritourism Ordinance was enacted in 2010 and since that time there has been changes in the Virginia Code. Since those changes there have been a few new Agribusinesses that are entering the counties and the neighbors in the counties have concerns. That is why we need to update our code. Mr. Drewry said there are two issues that counties are currently facing. One issue is Agritourism activities that are beginning to abut residential zoned properties. The other issue is building code enforcement. There was some general discussion about the draft that followed.

IN RE: COMMISSIONERS' COMMENTS

Mr. Hayes reminded the members that he would be at the Board of Supervisors meeting on February 18 to answer any question the Board may have as well as emphasize the thoughts members had resulting in a split vote.

IN RE: PLANNING DIRECTOR'S COMMENTS

Mr. Bassett said the developer of Dancy Estates has proposed to finished there subdivision located behind the McDonalds on Route 1. There are twenty (20) lots being proposed. All the Land Development Committee members are making their comments.

There will be two Conditional Use Permits coming before you in March. One is located on Whitmore Road. The other involves Verizon Wireless who wants to construct and operate a 195-foot steel monopole wireless telecommunications tower with the top of all appurtenances extending to 199 feet and related equipment on the following described property containing approximately 162.55 acres.
