SUBJ: Cellular Service and Equipment

BACKGROUND

The County uses Verizon Wireless for all County cell phone service, and this is procured through a GSA cooperative contract. In August of 2017, the Board approved a resolution to allow the County Administrator to execute annual contract renewals with Verizon Wireless for amounts not to exceed \$100,000. Due to the increased number of new lines added recently, the new renewal cost for 2020-2021 is approximately \$137,000. Since this amount exceeds the Boards previous approval, we are requesting approval for an increased annual not-to-exceed amount.

All services and equipment are based on the unit prices in the GSA Contract. This Board approval will cover such future contracts as long a GSA contract is in place.

REQUESTED ACTION

We are asking for approval of the following resolution.

RESOLUTION

BE IT RESOLVED that the Board of Supervisors of Dinwiddie County, Virginia, does hereby authorize and direct the County Administrator to execute annual contract renewals with annual amounts not to exceed \$185,000 with Verizon Wireless for cellular service and equipment for as long as a GSA contract is in place and the County wishes to use their service.
