VA

Eileen Drake, Parent Representative - joined electronically from Dinwiddie, VA

Sheryl Jackson-Wade, 11th District CSU, Supervisor - joined electronically from Amelia, VA

Amanda Skalsky, CSA Management Specialist - joined electronically from Prince George, VA

Angel Young-Gill, Children's Services/CSA, Director - joined electronically from Dinwiddie, VA

The meeting was called to order at 9:05 AM by the Chair, Pam Joyner.

The December minutes were approved. A motion was made by Anne and seconded by Sheila. All were in favor.

New Business:

The FY 2021 Pool Reimbursement and Transaction History Report filed on December 17, 2020 was distributed. It showed the total year to date expenditure amount of \$618,028.47 (\$419,063.50 - State & \$198,964.88 - Local). The FY 2021 Pool Reimbursement and Transaction History Report filed on January 15, 2021 was distributed. It indicated the total year to date expenditure amount of \$806,031.89 (\$544,137.41 - State & \$261,894.48 - Local).

Cristy Corbin, CPRS, HFW-FSP, President & Director of Family Support Partners of Virginia, Inc. gave CPMT members a presentation on her program and services. It was well received and a CSA contract will be initiated with Cristy. She is reportedly in the process of hiring more staff to provide FSP services to interested localities.

The OCS Administrative Memorandum #21-01 related to Review and Reallocation of FY 2021 Wrap-Around Services for Students with Disabilities - SPED Wrap were reviewed. OCS will remove SPED Wrap funds from localities who are not using these funds by February 1, 2021. On October 21, 2020, Governor Northam signed HB 5048 that instructs the Virginia Department of Health to share a public dashboard of the COVID-19 outbreaks reported to them. This will also provide information on COVID outbreaks in schools. An update was given on the OCS Virtual Office Hours that occurred on December 18, 2020 & January 15, 2021. There were discussions on programs, IT and Finance by OCS and CSA program managers. OCS is working to restart the FFPSA (Family First Prevention Services Act) evidence based training. The funding was unallocated due to COVID-19. They are working on a website. The contract process is pending. It is not clear if contracts will be done by the state or localities. There will be informational sessions once this is finalized. They hope to have the trainings occur in the spring. Maris Adcock/OCS Finance will be retiring at the end of February. They hired Kristy Wharton as his replacement. She is working with Maris now to learn this

process. Preetha/OCS IT provided an update on supplemental forms that have been slightly changed. She reminded coordinators that passwords are to be changed every 45 days. You cannot repeat your password. The budgets will be coming out soon. The OCS/CSA expenditures have declined this year by 15 to 20%. They recommended that localities ensure that there are security trainings in place on an annual basis. Scott reported that the psychiatrist therapeutic group homes in OCS Memo #20-11 would affect foster children who are IV-E youth. For non-Title IV-E and non-foster children, there will be no change. PRTF and Medicaid will pay all room and board services vs. Title-IV-E funds effective 7.1.21. This will cause the Medicaid match to increase locally. Reportedly, legislators are working on language to hold us harmless from this. This increase will vary around the state. The FFPSA and QRTF will be using Title IV-E. They will be using evidence based practices (EBP) effective 7.1.21 for these youth. Some of these EBP are MST, FFT, and PCI. This will use 50% federal and 50% state funds. They anticipate no local match. They are working on guidance related to this. This will increase the quality of congregate care for foster children. The QRTFs are required to be certified. A few of them may be grandfathered into this. After July 1, 2021, TGH will be using CSA funds for maintenance, room & board and daily supervision. Medicaid will reportedly cover the remainder. During this process, the change from IV-E to CSA will have an estimated cost of \$1.1 million on the state and local share. This will impact local programs. OCS will be sending a list of QRTFs to CSA Coordinators.

Members were updated on the Enhancement of Medicaid Behavioral Health Services Stakeholder workgroup meeting held on December 11, 2020. In July 2021, Assertive Community Treatment (ACT), Partial hospitalization (PT) and Intensive Outpatient Program (IOP) will be implemented. In December 2021, services like Multisystem Therapy (MST), Functional Family Therapy (FFT), Comprehensive Crisis services (CCS), Community Based Stabilization (CBS) and Mobile Crisis intervention will begin. They will be working on the regulatory actions connected to these services. District 19 Community Services Board updated the Mental Health Initiative (MHI) protocol that is effective January 2021.

We will continue to see what is finalized with FFPSA and The Three Branches Team to streamline VDSS and CSA's 'FFPSA- CSA Integration chart.' Some regional CSAs and CPMTs are following the lead of VDSS and our Local DSS to implement this act. The input was that both have dual eligibility for FFPSA and CSA that is likely to occur in most cases.

An update was provided by Carol Wilson/OCS on the new service planning structure for 'in home' cases (formerly CPS ongoing & foster care prevention) that was distributed in the January 5, 2021 email. VDSS is recommending that local case managers and supervisors become certified in CANS by January 31, 2021. There will be some software updates that need to be installed prior to non-CSA CANS being entered into CANVAS for these 'in-home' cases versus regular CSA CANS. OCS has informed Canvas Local Administrators to not create Canvas accounts for LDSS staff who are completing CANS solely for in-home cases until OCS finalizes this issue. OCS & VDSS is creating a webinar on the usage of CANS for these in-home cases as a supportive

practice. They are looking at DSS offices having a Local Administrator for Canvas within the local DSS offices.

Members agreed to continue to monitor SB 1114 Proposed funds for Services in the Public School. Angel reported that the SOC is working to do HFW training for our regional committee. This would be on ICC and FSP by Brandi Tinsley/UMFS/SOC grant and Anna Antell/OCS Program Specialist. We can look at March or April to do it separately or as one group for CPMT & FAPT. It will be for an hour and a half. It will be a virtual training. Good Neighbor Community Services is trained to resume ICC services. We are using them again. Molly is the new Executive Assistant to UMFS's new Director. There were nine team members who participated in the virtual orientation & refresher CSA Training for CPMT & FAPT on January 26, 2021 at 9 AM facilitated by Angel.

Members agreed to initiate a contract with Cristy Corbin's company (Family Support Partners of Virginia, Inc.). Angel will send out the SOC training dates for February through April dates for our teams. Pam stated that DCPS went virtual from January 14, 2021 to January 29, 2021. On February 1, 2021, they will be back to in person lessons. It was conveyed that Dr. Weston and school staff did this due to community exposure. Our schools, court services and social services had a community meeting on January 15, 2021 due to the concerns of chronic absences by our students. They have noted that at least 11 households are affected by this from October 2020 to the present. Anne indicated that she is working on budgets and CARES funding. Sheila stated they are doing face to face at Salisbury Rivermont Schools for the entire school year. They had a two-week break in October due to community spread. They have been back to in person lessons. They have registered their staff on the vaccine list for COVID-19 shots when they are available. They are moving along and their students are resilient. Terry reported that there are 800 people on the list for the vaccine. She advised individuals to call their health department at 469-3771 to add their name to the list. The best way to do this is to go past the greetings and wait until an employee answers the phone. The Petersburg call system is overwhelmed. They will contact people from the list based on the VDH and State guidelines. Presently, people who received the initial vaccine are ready for their second dose. On Mondays, they will be giving out Moderna and Pfizer vaccine when VDH has it available. Some employees such as EMS and the Sheriff's Office have received the vaccine. They hope we will be able to do a massive vaccination in the County. Eileen reported that she is upgrading the 'Congenital Disease Program' training. She wants to follow up with diabetics and other trainings. Sheryl stated that they advertised for the new CSU Director position. They anticipate that interviews will be in two weeks. The Judge will do the second round of interviews. It is believed that will be by the end of February. She would like their CSU staff to be added to our county vaccine list too.

The next CPMT meeting is on February 24, 2021 at 9 AM and will be held electronically based on the current BOS Ordinance.

CLOSED SESSION

At 10:30 AM, upon the motion of Anne Howerton and seconded by Sheila Green and all were in favor,

The Community Policy and Management Team (CPMT) convened into a closed meeting under:

§2.2-3711 (A)(4). The protection of the privacy of individuals in personal matters not related to public business.
