

Juror Responsibilities Regarding the Internet and Social Media

FAIRNESS TO THE PARTIES IN ALL CASES REQUIRES THAT JURORS FOLLOW THESE RULES:

- Don't research the case online in any way, including searching for information about the attorneys or judge.
- Don't communicate anything about the case via Facebook, Twitter, Instagram or any online messaging service.
- Follow instructions by the judge or other court personnel.
- Immediately report unauthorized use of the Internet or social media to the judge or authorized court personnel.

By following these simple rules, jurors help ensure that all parties receive a fair trial.
