

COVID-19 VIDEO VISITS

24/7

What do I do if I think I have COVID-19 symptoms? What should I do if I believe someone in my family has been exposed to someone who has tested positive for the virus?

Bon Secours is now offering **free video visits** to those experiencing COVID-19 symptoms and those who may have been exposed to someone diagnosed with COVID-19.

Using our Bon Secours 24/7 app, doctors can screen for COVID-19, assess mild to moderate symptoms, and discuss next steps.

Please use the free virtual visit if you:

- Are showing possible [symptoms of COVID-19](#)
- May have had an exposure to someone diagnosed with a positive case of COVID-19

Please note this service is for non-emergency COVID-19 visits only. If you are having a medical emergency, call 911 immediately.

Visit bonsecours247.com or download the **Bon Secours 24/7 app** for free from the app store. Use the Coupon Code **CARE2020** for your free COVID-19 visit.
